

**Annual Report for Doctoral Students  
College of Communication and Information**

**Student Name:**

**Report Date:**

**Section II**

This portion of the student's annual report is to be completed by all doctoral students who have research and/or teaching assignments in the College of Communication and Information. It is due by February 1.

**1. Funded Research Work.** If you are being funded to work on research, provide a brief summary of the work that you have done since your last annual report including names of faculty members with whom you have worked. Also, include a brief reflection on your experiences with these research projects. If you have not been funded to work on research in the past year, leave this section blank.

**2. Teaching.** Attach a copy of your SAIS evaluations for each of the courses you taught at UT since your last report. Note your level of satisfaction with the SAIS scores and discuss any important factors such as class size, new course, or new approaches that may have affected the scores, and course enrollment. If you did not teach at UT in the past year, leave this section blank.
