COURSE DESCRIPTION AND VALUE PROPOSITION
Planned professional semester; full day school library work and classroom observation activities. S/NC only. (UTK Graduate Catalog)

STUDENT LEARNING OUTCOMES
By the end of this class you will build on your prior coursework and gain competences as expressed in the 2017 AASL National School Library Standards for school librarians and library programs to be able to:

- Build new knowledge by inquiring, thinking critically, identifying problems, and developing strategies for solving problems related to school libraries. (Inquire)
- Demonstrate an understanding of and commitment to inclusiveness and respect for diversity in the school library’s learning community. (Include)
- Work effectively with others to broaden perspectives and work toward common goals. (Collaborate)
- Make meaning for oneself and others by collecting, organizing, and sharing resources related to school librarianship. (Curate)
- Foster learners’ (including your own, your students’ and peers’) personal curiosity. (Explore)
- Demonstrate safe, legal, and ethical creating and sharing of knowledge products independently while engaging in a community of practice and an interconnected world. (Engage)

This course, INSC 599-JEP is designed specifically for Job Embedded Program (JEP) students in order to fulfill requirements for licensure mandated by the College of Education, Health, and Human Sciences (CEHHS) and the Tennessee State Department of Education. During this course you will be mentored within your school, complete mandated observations of your work and of your peers, and provide proof of mastery of specified standards, in our case the AASL Standards, as inTASC Teaching Standards, Tennessee Literacy Standards, and the CEHHS Professional Competencies, Attitudes, and Dispositions (ProCADs).
REQUIRED TEXT FOR THE COURSE

SCALE, 2016. edTPA Library Specialist Assessment Handbook (if applicable; provided in Canvas)

LEARNING ENVIRONMENT

This course is a unique combination of internship and clinical practice for emerging school librarians. The bulk of your time will be spent on the job, in school libraries, however you will still have responsibilities for assignments and observations outside of your school day.

Our class space is intended to be a safe, intellectually stimulating, collaborative space for learning, where we respect each other’s thoughts and process, and everyone’s voice and experiences are important. You are selfless learners, willing to put yourself forward to ask questions, propose answers, and provide feedback as needed. It is usually the case, for example, that if one person has a question or needs clarification, many others also wonder. Be bold and brave, be the person who asks when others are silent.

INFORMATION LITERACY/TECHNOLOGICAL RESOURCES

The bulk of your time for this class is spent in school libraries, however we will have at least one real-time Zoom meeting at the beginning of the semester, and we will also use Canvas for additional tasks. You should be comfortable with Online@UT (Canvas and Zoom), the Internet and world wide web, word processing, presentation and spreadsheet software, and social media applications. Campus resources support you, but ultimately it is your responsibility to have the necessary technical equipment and knowledge needed. For additional information or support:

- Technology at SIS – www.sis.utk.edu/sis-technology
- UT Office of Information Technology (OIT): https://oit.utk.edu/Pages/default.aspx
  - There’s a link to the OIT HelpDesk on the upper left side of the page.
- lynda.com is a great source of online training support, so check it out, at https://oit.utk.edu/Training/online-training/lynda/Pages/default.aspx. You’ll need your UTK netid and password to access lynda.

In addition, you are required to complete Google Certified Educator Level 1 certification by the end of the semester and provide proof of that achievement. Here is the link to the training, https://teachercenter.withgoogle.com/certification_level1.

COURSE REQUIREMENTS, ASSESSMENT AND EVALUATION METHODS

We are using the edTPA Assessment as well as several sets of standards to frame our discussions and your practice, including:

- AASL National School Library Standards for School Librarians and School Libraries
- inTASC Model Core Teaching Standards and Learning Progressions for Teachers 1.0
- Tennessee Literacy Standards
- ProCADs from CEHHS

The AASL standards are our organizing framework for your practicum experience:

I. Inquire – critical thinking, problem solving, and strategizing for learning;
II. Include – commitment to diversity and inclusion
III. Collaborate – working effectively and successfully with others
IV. Curate – organizing for efficiency, access, and relevance
V. Explore – lifelong learning, instruction, leadership
VI. Engage – modeling and teaching safe, legal, ethical use of information

Each standard contains several competencies and each competency can be attained through a wide variety of valuable field experiences. As you work to obtain state mandated competencies, dive into your school library experiences with enthusiasm and take the initiative to look for ways to get the most out of your limited time in this supervised setting. There may be times when you will also be asked to indicate how the assignment addresses inTASC and Tennessee Literacy Standards, where applicable.

Assessment
Your grade is based on:
• My overall assessment of the quality of your work;
• An evaluation submitted by each of your supervising librarians (ProCADS survey);
• Three additional observations, using the Tennessee TEAM rubric for school librarians, and including how/if you subsequently integrate the results into your work;
• Reflective discussion about five (5) targeted observations you will do of other librarians and classroom situations;
• Successful completion of the edTPA Assessment (if applicable).

Please note that students will be assigned a grade of S (satisfactory) or NC (no credit) for this course. Neither grade is counted in computing grade point average but is entered on the permanent record. Possible grades for this class include:
• S is given for C or better work on the traditional grading scale
• NC is given for grades of C-, D+, D, D-, and F.
• The student only receives credit in the course if an S is received.
• The grade of I for incomplete work is recorded as an SI, and not computed in the average.

The final pages of this syllabus are a list of ideas to get you started on the standards and your six required activities. These are only meant to provide ideas, not limit or restrict your thinking.

Note on “Incompletes”
Based on University of Tennessee policy, an "Incomplete" is granted only under "the most unusual of circumstances." Power to grant an "Incomplete" resides wholly in the instructor. An “F” is submitted for students who simply disappear. More information is available at http://catalog.utk.edu/content.php?catoid=15&navoid=1473&hl=grading+scale&returnto=search #Grade_of_Incomplete

Citizenship, Resilience, and Grit (aka active class participation)
You start and contribute to posts on Canvas and bring related materials to the attention of the instructor or your fellow students. Your contributions show original thought and initiative, not simply agreement or endorsement. You interact with your peers as much as you do with me so that we create a learning community. Quality of thought is much more important than quantity.

Communication
I am required to communicate with you through your UTK email address. If you prefer to use another address, consult the OIT Helpdesk to obtain directions for forwarding your UTK mail to your preferred address if you don’t wish to check both accounts.

Academic Honesty
Plagiarism in any of its several forms is intolerable, and attention to matters of documentation in all written work is expected and required. Inadvertence (i.e., "carelessness"), alleged lack of understanding, or avowed ignorance of the various types of plagiarism (including lack of proper attribution of sources and use of quoted material and mechanics for same) are not acceptable excuses. Infractions of academic integrity are penalized according to the severity of the infraction but may include a course grade of "F" and the instructor's recommendation to the UTK Dean for Graduate Studies that the student be dismissed from the University. Each student's work must be the product of his/her own study and/or research, not a joint effort unless previously approved. (Graduate School Catalog, “Academic Honesty,” http://catalog.utk.edu/content.php?catoid=15&navoid=1473&hl=grading+scale&returnto=search#Academic_Honesty.)

STUDENTS WITH SPECIAL NEEDS
Any student who feels he or she may need an accommodation based on the impact of a disability should contact Student Disability Services (SDS) to document their eligibility for services. SDS will work with students and faculty to coordinate reasonable accommodations for students with documented disabilities. Contact SDS at 100 Dunford Hall, 915 Volunteer Blvd., Knoxville, TN 37996-4020, phone: (865) 974-6087, fax: (865) 974-9552, e-mail: sds@utk.edu.

COLLEGE OF COMMUNICATION & INFORMATION DIVERSITY STATEMENT
CCI recognizes and values diversity. Exposing students to diverse people, ideas and cultures increases opportunities for intellectual inquiry, encourages critical thinking, and enhances communication and information competence. When all viewpoints are heard, thoughtfully considered, and respectfully responded to, everyone benefits. Diversity and fairness unite us with the wider professional and global community. For a fuller discussion of the CCI Diversity Statement, see www.cci.utk.edu/diversity-statement.

I reserve the right to revise, alter or amend this syllabus. We’ll discuss any changes ahead of time and you will always be notified in writing and/or by email of any changes.
